Selectmen's Report

If one word is to be used to describe 1994 it would be progressive.

Construction of the Fire/Rescue buillding was completed and the Fire and Rescue Departments held an open house in December. A ribbon cutting ceremony welcomed residents to the new facility complete with large spacious, equipment bays, a meeting room, office space, an emergency command control center, and future full-time crew quarters. The Fire/Rescue building took center stage in 1994 as the pride of this community.

While it would be impossible to thank all the individuals who volunteered their time and made donations to this great effort, we wish to thank the efforts of Fire Chief, Benjamin Ayer and Rescue Squad Chief, Jim Crane for their responsibility in taking charge of the project and seeing it through fruition.

We would also like to thank North Branch Builders for overseeing the construction, this building has truly become a symbol of Henniker's community spirit. Thank you one and all.

The installation of sidewalks, handicap ramps and new park benches in Azalea Park now provide residents and visitors the opportunity to sit and view the Contoocook River in quiet surroundings.

With one year under their belt, the Police Department's Bike Patrol has been a rounding success according to the many positive comments from the community.

The heavy snows of last winter really put a drain on the 1994 budget, however, with careful management we were still able to complete many projects we had set out in the budget when adopted in March.

Road improvements included installing new culverts, and straightening, widening and paving Rush Road, a major improvement over the roadway that existed for many, many years. We purchased a new one ton truck which has improved the efficiency of the Highway crew. Patterson Hill Bridge was repaired and is now open. This work has bought us some time until a complete upgrade is undertaken.

The Board ceased all demolition and sludge dumping at the landfill upon the recommendation of our engineers, Dufresne-Henry. We took this action to prepare the site for final closure. In addition, we hired a firm to grind all the stumps and other woody material that has accumulated at the landfill over the years.

At Town Hall, we have continued to upgrade the computers and software which will assist us in overseeing the budget and in the payroll and accounts payable areas. In 1995, we hope to complete the purchase of computers for the Town Clerk and Land Use Clerk in addition to the necessary programs to assist both the departments in providing you better service.

We wish to recognize various individuals who have served Henniker in many ways and have left the Town this past year. Officer Paul Montray, Police Department; Dorothy Grant, Town Office; and Keith Gilbert, Wastewater and Highway Departments; and Fay Davison, Deputy Town Clerk and Tax Collector. We wish all of them the best in their newest endeavors. After many years wearing the Selectman's mantle, Wayne Colby did not seek re-election and on behalf of the community we extend our heartfelt thanks for your service in that capacity.

Some new faces that you may have noticed working for the Town are John Margeson in the Highway Department, Sue Anderson, once again, assuming the position of Deputy Town Clerk and Tax Collector and Belinda Dupuis who now works in the Town Office.

We must recognize the unselfish service of Malcolm McCommish who has served this community in many ways. Recently, Malcolm decided that he was unable to work during the winter snow storms and we want to take this opportunity to extend to Malcolm our heart felt and warmest thanks for the many decades and positions that he has held for this town. We wish you all the best.

William Belanger
Joseph Damour
Jerald Brown
Board of Selectmen

RECORD OF AFFIRMATIVE VOTES
AT TOWN MEETING 1994
March 8 & 9, 1994

Polls opened at 10:00 a.m. and voting commenced on the following:

To vote on the following:

1. Are you in favor of amending the Henniker Zoning Ordinance by adding an Open Space Residential Development option for the RV, RR and RN zone? The purpose of the open space development option is to permit greater flexibility and design without increasing the number of dwelling units allowed on a specific parcel of land.

YES 393 NO 266

2. Are you in favor of amending the Henniker Zoning Ordinance to include the word "motorized" in the wording of Article II Section 201.16. "Commercial/Services/Technical," in the existing ordinance to permit the repair of non-motorized vehicles as a home business?

YES 400 NO 265

3. Are you in favor of amending the Henniker Zoning Ordinance to make changes and additions Article XXIV. "Floodplain Development Ordinance," by including reference to recreation vehicles construction, size, mobility and use and as to locations within specific zones within the Floodplain area? The Federal Emergency Management Agency has mandated adoption of the amendments so that the Town will remain in compliance with the National Floodplain Insurance Program.

YES 477 NO 182

4. Are you in favor of amending the Henniker Zoning Ordinance to include the definition of "kennel" to be added to Section 201 of the Henniker Zoning Ordinance? Definition shall be "a commercial kennel is any operation that (1) provides food and shelter and care of animals for purposes not primarily related to medical care, or (2) engages in the breeding of animals for sale or trade."

A private kennel is any structure or land designed or arranged for the care of 6 or more adult animals, excluding animals used for agricultural purposes.

YES 413 NO 243

5. Shall we adopt the provisions of RSA 72:62 for an exemption for property tax purposes from the assessed value of real property equipped with a solar energy system, for the purpose of heating, cooling or providing electricity, which exemption shall be in an amount of 50% of the cost of the solar energy system up to $10,000? The amount of the exemption shall be indexed and brought forward to maintain a constant percentage of the assessed valuation of the property.

YES 355 NO 296

6. Shall we adopt optional adjusted elderly exemptions from property tax? The optional exemptions, based on assessed value, for qualified taxpayers shall be as follows: for a person 65 years of age up to 75 years, $15,000: for a person 75 years of age up to 80 years, $20,000: for a person 80 years of age or older, $25,000. To qualify, the person must have been a New Hampshire resident for at least 5 years: own the real estate individually or jointly, or if the real estate is owned by his spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income of less than $20,000; and own net assets not in excess of $40,000 excluding the value of the person's residence.

YES 581 NO 79

The Meeting reconvened on March 9 at the Cogswell Memorial School Gymnasium at 7:00 p.m. to act on the following:

7. VOTED to postpone action on this Article until action has been taken on Articles 9 and 10.

8. VOTED to utilize up to $15,100 from the proceeds of the sale of lands taken by tax deed to help defray the costs of the construction and original equipping of a new Fire and Rescue Building.

9. VOTED to authorize the use/transfer of $150,000 of the December 31, 1993 fund balance to help defray the costs of the construction and original equipping of a new Fire and Rescue Building.

10. Victor Kjellman MOVED TO AMEND to defer passage of this item until a committee, to be appointed by the Selectmen, can determine if a suitable four acre piece of land can be found to accommodate the needs of the Fire, Rescue, Police and Selectmen (Town Office) with adequate parking spaces. This piece of land to be taken by eminent domain if need be for the Town Good.

A. Committee shall consist of one selectman, one representative of fire, police and rescue squad plus four people from the Town at large.

B. The committee shall report two weeks after the ground is bare of snow to the Selectmen, so as not to delay excessively present plans, for construction.

C. Town to take action on present article 8 not later than June 1, 1994, or the report of the Selectmen, whichever is later.

D. I would recommend that the Town pay owner's appraisal and closing costs (but not legal fees if eminent domain is involved.)

E. This amendment is not meant in any way to cast aspersions on the need for the fire and rescue squads for improved facilities.

MOTION was defeated.

VOTED to raise and appropriate the sum of $298,000 for the construction and original equipping of a new Fire and Rescue Building, and to authorize the issuance of not more than $132,900 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the Board of Selectmen to issue and negotiate such bonds and notes and to determine the rate of interest thereon; furthermore to utilize the $15,100 from the proceeds of sale of lands taken by tax deed; additionally, to authorize the use/transfer of $150,000 of the December 31, 1993 fund balance for this purpose.

Voting on Article 8 (Bond Issue) began at 7:45 p.m. closed at 8:45 p.m. Must pass by a 2/3 majority.

YES 191 NO 78

11. To see if the Town will vote to raise and appropriate the sum of $298,000 for the construction and original equipping of a new Fire and Rescue Building with $298,000 to be raised through general taxation.

TABLED until ballots for Article 8 have been counted.

12. VOTED to accept the reports of the Town Officers, Library Trustees, Trustees of Trust Funds and other Committees, after changing the word "ensuring" in Article 17 on page 13 to "ensuing" and the number $2,622,003 listed as total of 1994 Budget and Warrant on page H (which precedes page 41) to $2,629,342.

13. VOTED to raise and appropriate the sum of $626,471 to defray town charges for the ensuing year divided as follows:

Board/Committees/Elected Official	16,710
Town Clerk	22,306
Tax Collector	26,353
Town Offices	163,822
Election and Registration	2,427
Cemeteries	5,000
General Government Buildings	53,719
Planning	9,623
Zoning	4,021
Legal	10,000
Regional Commissions/NHMA	1,432
Tax Maps	2,560
Community Action Program	3,909
Hydrant Rentals	3,750
Principal-Notes and Bonds	43,000
Interest-Notes and Bonds	35,294
Tax Anticipation Notes	26,178
Insurance	196,367

and that the Town Officers be paid at the following rates:
Selectmen and Treasurer at $1,500 per year
Town Clerk at $13,845
Collector of Taxes and Sewer and Water Assessments at $13,845 per year
Ballot Clerks, Supervisors of the Checklist, Surveyors of Wood and Lumber and Moderator at $4.25 per hour.

14. VOTED to raise and appropriate to sum the sum of $391,645 to defray public safety charges for the ensuing year as follows:

Police Department	303,813
Fire Department	37,875
Office of Emergency Management	500
Communications	34,747
Code Enforcement Officer	14,710

15. VOTED to raise and appropriate the sum of fourteen thousand five hundred dollars ($14,500) for the purchase of a new police cruiser.

16. VOTED that the Town ratify the organizational structure of the Henniker Fire Department wherein the Chief, 1st Engineer and 2nd Engineer are elected directly by the firefighters with the Selectmen ratifying said vote by appointment of the Chief and Engineers to one (1) year terms of office, further, that the firefighters are elected by the membership at large.

17. VOTED to raise and appropriate the sum of $605,093 to defray the charges for Highways, Bridges, Solid Waste Disposal and Closure Well Monitoring for the ensuing year divided as follows:

Street Lights	18,000
Highways	310,639
Solid Waste Disposal	159,976
Closure/Well Monitoring	16,282
Road Improvements	100,196

18. VOTED to raise and appropriate the sum of three thousand one hundred thirteen dollars ($3,113) as its contribution toward the Household Hazardous Waste Collection Day in cooperation with surrounding towns.

19. VOTED to raise and appropriate the sum of twenty-eight thousand six hundred fifty dollars ($28,650) for the purchase of a new one ton pickup truck with a 9 foot power angling plow, body and 8 foot salt/sand spreader.

Standing vote taken.

YES 113 **NO 95**

20. VOTED to raise and appropriate the sum of ten thousand dollars ($10,000) for the purchase of a 10 foot stainless steel salt/sand spreader for the 1993 International Dump truck acquired in 1993.

21. VOTED to raise and appropriate the sum of fifty-nine thousand two hundred forty dollars ($59,240) for the balance of the town's share to rehabilitate the Amey Brook Bridge, Bridge #149/111, on Old Concord Road, under the State Bridge Aid Program 80/20 funding formula.

22. VOTED to raise and appropriate the sum of $43,462 for Health and Welfare purposes for the ensuing year to be divided as follows:

Rescue Squad	12,950
Animal Control	10,422
Visiting Nurse Association	3,090
General Assistance	17,000

23. VOTED to raise and appropriate the sum of $28,681 for Culture and Recreation and Parks care for the ensuing year to be divided as follows:

Athletic and Recreation Programs	16,843
Patriotic Purposes	1,200
Conservation Commission	600
White Birch Community Center	4,367
Band Concerts	2,771
Parks Care	3,000

24. VOTED to raise and appropriate the sum of $48,800 for the Tucker Free Library.

25. VOTED to raise and appropriate the sum of seventeen thousand dollars ($17,000) to replace the furnaces and revamp the heating system at the Tucker Free Library.

26. VOTED to establish an Expendable Maintenance Trust under the provisions of RSA 31:19- a for the purpose of maintenance and repair at the Tucker Free Library and to raise and appropriate the sum of five thousand dollars ($5,000) to be placed in this fund and make the Library Trustees the agents to expend.

27. VOTED to accept the provisions of RSA 202-A:4-c providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the public library trustees to apply for, accept and expend, without further action by the town meeting, unanticipated money from a state, federal or other governmental unit or a private source which becomes available during the fiscal year.

28. VOTED to raise and appropriate the sum of fifteen thousand dollars ($15,000) for Capital Reserve purposes to be appropriated as follows: five thousand dollars ($5,000) to be added to the Fire Department Capital Reserve Account, five thousand dollars ($5,000) to be added to the Rescue Squad Capital Reserve Account and five thousand dollars ($5,000) to be added to the Highway Heavy Equipment Capital Reserve Account previously established under the provision of RSA 35:1.

29. FAILED to raise and appropriate the sum of eight thousand five hundred dollars ($8,500) to be used for the development of a swimming area to be located southeast of the Ramsdell Road Bridge and to authorize the withdrawal of $8,500 from the Swimming Pool/Recreational Fund Capital Reserve Fund created for the purpose, furthermore, to designate the Board of Selectmen as agents to expend.

30. VOTED to raise and appropriate the sum of $236,450 for the operating expenses of the Wastewater Treatment Plant. This sum to be funded by sewer assessments.

31. VOTED to raise and appropriate the sum of $185,653 for the operating expenses of the Cogswell Spring Water Works. This sum to be funded by water assessments.

Diane Durr MOVED that reconsideration of Articles 1 through 31 be restricted in accordance with RSA 40:10.

MOTION passed.

32. VOTED to authorize the Water Commissioner and the Board of Selectmen to convey to Calvin and Viola Tucker a landlocked parcel of land containing about 1/3 acres. Tax Map Lot #E, abutting said Tucker property near Davison and Bradford Roads, said parcel to be annexed to the Tucker property and not to be sold as a separate lot.

33. VOTED to accept the provisions of RSA 31:95-b providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the selectmen to apply for, accept and expend, without further action by the town meeting, unanticipated money from a state, federal, or other governmental unit or a private source which becomes available during the fiscal year. This authorization will remain in effect until rescinded by a vote of Town Meeting.

34. VOTED to authorize the Board of Selectmen to accept gifts of personal property which may be offered to the town for any public purposes, pursuant to RSA 31:95-e. The Selectmen must hold a public hearing before accepting such gift, and the acceptance shall not bind the Town to raise, appropriate, or expend any public funds for the operation, maintenance, repair, or replacement of any such personal property. This authorization will remain in effect until rescinded by a vote of Town Meeting.

35. VOTED to accept the provisions of RSA 33:7 providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the Selectmen to issue tax anticipation notes? This authorization will remain in effect until rescinded by a vote of Town Meeting.

36. VOTED to adopt the provisions of RSA 80:42-IV and RSA 80:80-IV, an article authorizing indefinitely, until specific rescission of such authority, to authorize the Selectmen to sell by sealed bid or public auction any lands which become available through the real estate tax lien procedure or to dispose of such lands as justice may require. This authorization will remain in effect until rescinded by a vote of Town Meeting.

37. VOTED to authorize the Board of Selectmen to sell by sealed bid or public auction, land on Ramsdell Road, Tax Map Lot 2-483, which was previously voted by the Town to be developed into a park.

38. VOTED to authorize the Board of Selectmen to accept, on behalf of the Town, gifts, legacies, and devised made to the Town in trust for any public purpose, as permitted by RSA 31:19.

39. VOTED to amend the Henniker Waste Management Ordinance as proposed by the Board of Selectmen.

40. VOTED to urge the State of New Hampshire to develop and implement a plan of action to redesign the intersection of Proctor Square in order to improve the safety for both motorists and pedestrians.

41. VOTED to rescind article 22 of the March 1993 Town Meeting regarding the Sewer Commissioners entering into a contract with a private company. Said article 22 was misleading in that it failed to state that the Town's wastewater facility would: A. Make Henniker the location of a regional wastewater treatment facility. B. be part of a two phase project the other would consist of a sludge composting plant to be located else where in Henniker. C. also that is would incur increased costs to the taxpayers and sewer users.

MOTION for a standing vote was PASSED.

Vote on Article 41.

YES 107 **NO 75**

Thea Braiterman made a MOTION to resolve that the Selectmen appoint a committee to explore whether processes and resources can be found to provide interest free or low interest loans to Henniker resident who are temporarily in financial difficulty.

MOTION passed.

Dennis Hamel MOVED that reconsideration of Articles 32 through 41 be restricted in accordance with RSA 40:10.

MOTION passed.

Cheryl Morse MOVED to adjourn the meeting at 10:53 pm.

MOTION passed.

A True Copy Attest:
Kimberly I. Johnson, Town Clerk
Henniker, NH

RECORD OF AFFIRMATIVE VOTES
At Special Town Meeting 1994
October 11, 1994

Planning Board

1994 Approvals:

Site Plans	8
Subdivisions	0
Excavations	1
Boundary line adjustments	3

The Planning Board welcomed four new members- Mike Lambert, Judi Partridge, Judie Englander and Darby McGraw.

Issues completed:

Adoption of the new language for "kennel" as it relates to a home business.
Revised the site plan regulations to include "change of use".
Amendment to the floodplain development ordinance regarding recreational vehicles.
Amendment to the definition of Commercial/Services/Technical to include the word "motorized" vehicles.
The adoption of the Open Space Residential Development.

Issues in progress:

Updating the Capital Improvement/Master Plan.
New language for the site plan regulations regarding expansions and floodplain development.
Amendment to the Wetlands ordinance regarding the setback distance of septic systems.
Adoption of new regulations regarding sexually oriented business.
Amendment of kennels regarding restrictions of the Commercial District.

Zoning Board of Adjustment

Variances	8
Special Exceptions	2

Due to the number of variances that have been granted for setback distances to wetlands, the Zoning Board members have proposed a zoning change, which the Planning Board will hold hearings for.

As new members Cathy Dias and Doreen Connor were welcomed.

Kelly Dearborn-Luce

Central New Hampshire Regional Planning Commission
329 Daniel Webster Highway
Boscawen, New Hampshire 03303
(603) 796-2129

The Central New Hampshire Regional Planning Commission (CNHRPC) is a voluntary association of 20 towns and the City of Concord in Merrimack and Hillsborough Counties. Henniker is a member in good standing of the Commission.

Our two part mission is to help our communities prepare and implement local plans and to plan for the effective and appropriate development and utilization of the resources of the region.

Our accomplishments over the last year include:

*adopting the transportation element of the regional master plan;
*preparing a transportation improvement program (TIP), the capital improvement plan for transportation in the region;
*updating the Merrimack County overall economic development plan;
*preparing a management plan for the Contoocook River;
*supporting community representatives planning for the Soucook River;
*preparing the update to the affordable housing assessment to provide support and guidance to local planning efforts;
*preparing a transit information report;
*providing a wealth of information for use by local planners;
*providing high quality and timely technical assistance to member municipalities;

Specific activities in Henniker included:
assisting with zoning definition research; providing Capital Improvements Program files on floppy disk; assisting a student for master degree project; consulting on site plan review proposals; providing information on hiring an engineer; providing information of the definition of an expansion of use for the site plan review regulations; providing assistance to the conservation commission for their town-wide wetlands mapping efforts under the Cooperative Wetlands Project involving the CNHRPC, NH Audobon Society, and NH OSP; gathering and providing automatic traffic recorder traffic volume dates; and assisting the Contoocook and North Branch Rivers Local Advisory Committee in the preparation of a River Corridor Management Plan (including GIS maps).

The Contoocook and North Branch Rivers Local Advisory Committee

Following enactment of legislation including the Contoocook and North Branch Rivers in the State Rivers Management and Protection Program, the Contoocook and North Branch Rivers Local Advisory Committee (LAC) was formed. The LAC is made up of individuals from the fourteen communities fronting on the two rivers who were nominated by the selectmen or city council from their municipalities and appointed by the DES Commissioner.

The focus of the Committee's work has been to develop a Corridor Management Plan for the designated rivers. Responsibilities of the Committee also include the review and comment (in an advisory capacity) on state permits for major developments within the corridor area. The Committee has been meeting on a regular basis since the Spring of 1992, and an advisory Plan was adopted in September, 1994.

The advisory Plan contains goals and objectives, results of a 1993 survey of property owners along the rivers, an inventory and assessment of natural and managed resources within the corridors, and a resources management section which outlines recommendations for current and future actions by citizens, private, local, state and federal agencies and organizations to maintain the rivers' outstanding values.

Roger Belson is the representative for the Town of Henniker.

Copies of the advisory Management Plan are available for view at the corridor communities' town and city halls. Additional copies are available from the Central NH Regional Planning Commissions; 329 Daniel Webster Highway, Boscawen, NH 03303, (603) 796-2129 or the Southwest Regional Planning Commission; 20 Central Square, Keene, NH 03431, (603) 357-0557.

Roger Belson, Representative

Code Enforcement/Health

The total number of permits issued in 1994 was 109, 12 less than 1993. 1994's breakdown is a follows:

Additions	15
Barns	5
Decks	12
Demolitions	4
Garages	2
Houses	13
Pools	2
Porches	6
Renovates	8
Septic	6
Sheds	15
Signs	6
Other	5
Commercial	10

Income from permits in 1994 was $9,351.62; 1993 was $3,946.88.

Permits that required no fee:	22
Permits at no charge:	2

This year the Town issued permits for new commercial businesses such as the New England College Campus Center, the Fire and Rescue Building and the Post Office.

The Health Officer was busier than usual this year due to the numerous calls concerning rabies, assisting the Animal Control Officer with information, interviews and follow up calls. Posters and brochures were distributed to heighten awareness of the danger of rabies in stray or domestic animals.

Also the New Hampshire Division of Public Health Services has developed a new Health Officers manual which includes, housing issues, no-smoking laws, the new Shoreland Protection Act (RSA 483-B), rabies and air quality.

Kelly Dearborn-Luce

Police Department

If you review the activity statistics included in this report, I'm sure you all will agree that 1994 was another busy year for the department. These statistics provide us with valuable insight into our community. There is both good and bad news. Let me point out some of the good news first.

Theft reports decreased from 91 to 76 (-16%); Criminal Mischief reports decreased from 53 to 20 (-62%); Burglary reports increased from 18 to 23. Although I am not pleased with this increase, it still appears that we have significantly fewer burglaries than surrounding communities.

Some bad news is the significant increase in the number of DWI arrests, from 42 to 70 (+40%) and the increase in drug arrests, 19 to 31 (+38%). These statistics, although boring to evaluate, provide much insight into what we need to accomplish in the future.

During the summer of 1995, a State-wide 911 emergency phone system will be in place. When operational you need only dial 911 on your telephone to report an emergency. This number will summon the police, fire department and rescue squad. This is a significant improvement for our community and State. Please pay attention to any media coverage about the date that the 911 system will take effect. In this regard, it is a good time to encourage you to make your house number visible. Nothing is more frustrating than to respond to a call at a specific address and not be able to see the street number of the residence from the roadway. The consequences of a delayed response to a life threatening emergency are obvious. Use numbers at least 6 inches high on your mailbox or home. If you do not have a mailbox, place them on a tree or some other conspicuous object near the end of your driveway and you'll be glad you did, if you face a serious emergency during the coming year, It is also very helpful to give an emergency dispatcher simple directions to your home, for example the blue cape, five houses on the left from a certain intersection or landmark. Write these directions down and keep them near your phone. In an emergency situation, sometimes it's hard to think clearly and these written directions will help you to quickly and clearly request emergency help.

Finally, during 1995, the department will provide two public seminars. The first is a firearms training class for women with classroom instruction on firearm safety and target shooting, etc.

The second seminar will be Kids, Parents and Drugs, an evening seminar for parents only. We will try to bring you up to speed about what's hot and what's not in the drug world, what the sale prices of the popular drugs are and what these drugs look and smell like. We'll try to teach you what warning signs to look for, what evidence may be available to confirm your suspicions and what options you have if your suspicions are confirmed. These seminars will be presented by experts and should prove to be interesting and worthwhile. Please look for media releases on these seminars. I will look forward to seeing you at these presentations.

We hope you enjoy a happy and safe year.

Timothy Russell, Chief

Animal Control

Henniker is facing a challenging time as a rabies epidemic carried by raccoons has spread up the East Coast to Southern New Hampshire. Raccoons, skunks, bats, groundhogs, and foxes are the most common wildlife carriers of rabies. Fox rabies is fast approaching and expected to be here by late summer or fall, from the North Country, Vermont and Maine.

Rabies is an acute viral disease that attacks the central nervous system. The virus is concentrated in the saliva (spit) of infected animals and is generally transmitted from an infected wild or domestic animal by a bite, a lick to open wounds or cuts, or nerve tissue or saliva introduced into cuts or the mucous membranes of the nose, eyes, or mouth.

Rabid animals are not always easy to identify. Contrary to what you may think, not all rabid animals foam and drool at the mouth. Animals may stagger, appear restless, be aggressive, appear very friendly, bark or howl differently, seem to be choking or they may show no signs of the disease at all.

In one Henniker case where a sick raccoon was found and tested, positive for rabies, more than 17 people and several animals had to be vaccinated.

PROTECT YOURSELF!!!!!!

Exposure of the rabies virus is not fatal when treated in time. Let your doctor determine whether an exposure to rabies has occurred. Do not try to make that determination yourself. Modern treatment consists of a dose of anti-rabies globulin at the start of the treatment and a series of five shots in the arms over a period of 30 days. It's relatively painless.

Here's a list of some precautions you can take to reduce the possibility of exposure to rabies:

*Vaccinate your pets.
*Stay away from stray animals.
*Avoid contact with all wildlife even innocent appearing baby raccoons can be rabid.
*Discourage wild animals from dining around your home. Do not leave pet food outdoors and secure garbage can lids.
*Teach your children to stay away from wild animals and pets other than their own.
*Teach children to tell you about any animal that has scratched or bitten them.

Knowing some basic facts about rabies and wildlife, will enable you and your family to enjoy Henniker's great outdoors.

If you need further information or an answer to a question here are some places to call.

Fire Department Report

With an average response time of 2.4 minutes in 1994, the Henniker Fire Department again had the fastest response time of the eighteen fire departments in the Capital Area Mutual Aid Compact, a record we have held for the past decade. The Department and the Town can be proud of this record.

In the interest of holding down costs for the individual towns, the Capital Area Mutual Aid Compact is organizing a Hazardous Material Response Team made up of volunteers from the various towns. The Team will respond to hazardous materials incidents within the Capital Area.

In 1994 a new Fire and Rescue Building was constructed, with North Branch Construction as construction manager. The voluntary labor of members of both departments and townspeople of Henniker completed site work, electrical work, and interior painting.

Financial and material donations, as well as voluntary use of equipment and labor, made it possible to complete the project for less than $35 per square foot. This is significantly less than the going rate for a new fire station (estimated at $70 per square foot).

We are grateful to all those who contributed so much to make the building project successful. Many thanks to all of you.

E. Benjamin Ayer
Chief

HENNIKER FIRE DEPT.

HENNIKER RESCUE SQUAD

Henniker Rescue Squad

The Henniker Rescue Squad responded to 268 calls for assistance in calendar year 1994 completing a very successful 25th anniversary year that culminated in occupying the new Fire/Rescue Emergency Services Building. The membership is very excited about building a future in our new home and continuing our close relationship with the volunteers in the Henniker Fire Department.

The year's events continued to impress upon me and the membership that in order for the service to survive and continue to improve we must plan for the future, and not rest on our past laurels. The standards of providing quality emergency medical care continue to become more sophisticated and hazardous. Increased training to protect our membership from hazards in the workplace, and training to deliver a higher level of care, is now required and expected.

We will continue to train our volunteer personnel in advanced life support skills. When this cannot be delivered by Henniker Rescue Squad members, the standard operating procedure will be to "intercept" with a paramedic unit from Hopkinton or Concord.

Our ability to provide a trained response team during the weekday periods, on a regular basis, is of serious concern. As the Town continues to grow and demand these services, we are considering the feasibility of hiring two advanced trained EMT/Firefighter personnel on a paid basis during the weekday periods. Many New Hampshire Towns of our size and situation have done this already and this would copy their successful mode. To help offset this expense, I am recommending that the Town institute a billing system for ambulance transportation. Many Towns have a system in place to bill individuals and their insurance carriers.

I would like to thank the members of the Henniker Rescue Squad for volunteering this year. The 1994 members include: James Crane-Chief, John (Woody) Belt Jr.-Assistant Chief, Steve Randall-Treasurer, Kit Wayland and Carl Hamel-Secretary, Shawn Mitchell-Training Officer, and members Robert Beck, Brent Bell, Tom Burt Jr., Kip Euler, Tom French, Karan MacEachern, Cathy McComish, George Patterson, Rebecca Paul, Richard Reed, Peter Twombly, and Matthew Wayland.

Respectfully Submitted,
James K. Crane, Chief

All contributions and volunteer labor are very much appreciated. We apologize if we have inadvertently omitted any names from this list.

FIRE/GRANGE STUDY COMMITTEE

During initial meetings, the committee toured the Old Fire Station and Grange Hall buildings.

After much debate the committee concluded, the Fire Station while it may be historical in value, that value did not outweigh the safety concerns of the Henniker School District and the Board of Selectmen. The committee recommends that the fire station be transferred to the Henniker School District for disposition. Recommended alternatives are either to relocate the building if funding from sources other than taxation are found for historical preservation or to demolish in order to create a safe roadway to handle two lane traffic.

The committee further recommends that the Grange be moved to another site if the Henniker School District renovation plan is approved at the annual school district meeting. The grange may be moved to what was the Fire Station lot and placed in line with the Tucker Free Library and the Cogswell Memorial School. Again provision would be made for widening School Street where is abuts the old Fire Station lot. Additionally, consideration should be given to the Grange being declared a Historic Building and becoming part of the Henniker Historic Commission's responsibilities.

Respectfully submitted,
Bill Belanger
Ging Blanchard

Report of Town Forest Fire Warden and State Forest Ranger

In calendar year 1994, our three (3) leading responses to fires were Lacf of Permit, Children and Rekindling of fires where the fire was not properly extinguished.

Violations of RSA 224:27 11, the fire permit law, and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines up to $2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

To aid your Forest Fire Warden, Fire Department and State Forest Fire Officials, contact your local Warden or Fire Department to find out if a permit is required. This also helps to prevent unnecessary response to a controlled burn.

STATE FIGURES

Fire Statistics 1994		Average 1990-1993
Number of Fires Reported to State for Cost Share Payment	283	443
Acres Burned	217	246

Suppression cost = $90,000+

Fires Reported by Lookout Towers (1994)		Fires Reported by Detection Aircraft
Fires Reported	588	89
Assists to Other Towers	363	
Visitors	21,309	

Local communities and the State share the cost of suppression on a 50/50 basis. The State of New Hampshire operates 15 fire towers and 3 contract aircraft patrols. This early detection and reports from citizens aid the quick response from the local fire departments.

"REMEMBER, ONLY YOU CAN PREVENT FOREST FIRES!"

Bryan C. Nowell
State Forest Ranger

E. Benjamin Ayer
Forest Fire Warden

Highway Department

The winter of 1993-1994 was one of record breaking or near record breaking proportions. Colder then normal temperatures and greater than normal snowfall kept us busy right through March. In fact we were plowing snow on the night of the 1994 Meeting. A special thank you goes out to Malcolm "Bus" McComish who has plowed with the Town's grader every winter for over 50 years. Bus has hung up his plow shoes this year and will be greatly missed. He has done an outstanding job on a most difficult plow route; in the four winters that I have been here never has there been so much as one complaint from residents on his route.

We widened Warner Road and replaced culverts prior to Pike Industries reclaiming and paving. Rush Road and the remainder of Warner Road are the responsibility of the New Hampshire Department of Transportation.

We replaced several culvert pipes and dug out many of the ditches around town. Our crew widened Ray Road by removing brush, trees and boulders which allows sunlight to get onto the road to help with winter maintenance.

Gravel was added to Ray Road, Quaker Street, Dodge Hill Road, and Bear Hill Road as well as several other locations. Western Avenue was crack sealed to help keep water out of the road bed until more extensive repairs can be completed at some further date.

I thank the citizens of Henniker for your support of the Highway Department. And I thank the Highway crew for all their hard work and dedication over the past year.

Respectfully submitted,
Tom Woodley, Road Agent

Transfer Station/Recycling Center

First I would like to thank the residents and businesses that recycle and the recycling committee, all of whom have made 1994 a successful recycling year. In 1994 we started two new programs; the Swap Shop and Salvation Army clothes collection.

In 1994 we recycled the following:

Cardboard	118.00 tons
Newspaper	77.25 tons
Plastic	5.80 tons
Glass	23.75 tons
Tin Cans	2.50 tons
Clothing	3.50 tons

Total income and avoided costs from this recycling was $20,418. We also shipped 6.5 tons of auto batteries and 131.95 tons of assorted metal. The total tonnage for trash and recyclables was 2433.44 of which 369.25 were recycled, 15% of the waste stream. 117.96 more tons of trash were sent to the incinerator in 1994 than in 1993. 13.25 additional tons of materials recycled.

With the assistance of Steve St. Lawrence, we designed and built a glass crusher using monies from the Town and a grant from New Hampshire the Beautiful. The glass which we have been stockpiling will be crushed and used as aggregate in approved construction projects in town.

This is the third year that we have been able to heat the recycling building at no cost for fuel by using used motor oil brought in by residents. We received approximately 1,400 gallons in 1994 saving approximately $490.00 in disposal fees.

The landfill portion of the Transfer Station closed this January. Now building debris must be placed in a rolloff trailer at a cost to the depositor. Please contact a transfer station employee in person or call 428-7604 for instructions and costs in of building material disposal.

I personally commend the part-time employees for their efforts in making this year a success.

Respectfully submitted,
Robert Pennock

Henniker Recycling Committee

The recycling effort in Henniker was successful once again this past year. Please refer to the report by Bob Pennock relative to the amount of recyclables collected. Thanks go to Bob Pennock for all he has done to implement these new programs.

In January and February the committee assisted the Selectmen in the drafting of an updated waste management ordinance. The Town adopted the new version at Town Meeting in March. This ordinance amended the previous "Landfill Regulations" which were adopted in 1987 (when there was no transfer station or recycling center) by incorporating the policies. No new requirements for recycling were included.

We produced the 1994 Town recycling information calendar. It contained community info on one side and recycling info on the other. Doug Peel of Peel Publishing did the publishing. The calendar came out on February 24 as a one-page insert in the Contoocook Valley Advertiser.

The committee and the Country Spirit Restaurant co-sponsored a free breakfast meeting about waste reduction and recycling on Tuesday, September 27 in the Country Spirit Restaurant. About 20 representatives of Henniker businesses and institutions attended the meeting. Jacqueline Badders spoke about **WasteCap** of NH, a pro-active, non-regulatory program of the Business and Industry Association of NH that provides businesses with the technical assistance to act upon opportunities for waste reduction and recycling. We would like to thank Arthur and Sally Kendrick and Jacqueline for their help in making this meeting a success.

There was a Household Hazardous Waste Collection Day for Henniker and several neighboring towns on October 1 in Warner. Members of the committee helped publicize the event and assisted during the collection.

Commissioner Robert Varney and the NH Department of Environmental Services set a goal in 1990 for the state to achieve 25% recycling by 1995 and 40% by 2000. Let's see if we can achieve these goals in Henniker!

The more aware we become of our responsibility to reduce, reuse and recycle, the more we all benefit. Not only do we reduce costs, we contribute to a healthier environment. We encourage every resident of Henniker to make recycling part of her or his routine throughout 1995.

The committee will continue to assist townspeople in their efforts to reduce the wastestream and reuse all they can in the year to come.

Michael French, Chairman

Abandoned Cemeteries Committee

The purpose of this reactivated committee is to identify the needs for the preservation of Henniker cemeteries that are no longer used for burial purposes.

Two projects were worked on this year. The Henniker Historical Society computerized their old cemetery records for us. We now have access to a list of gravestones in each of eleven identified graveyards. On the lists is all the information engraved on each stone and the location of each within the respective cemeteries.

We enlisted the help of a dozen members from the Henniker Lions Club, some members of the Henniker Historical Society and other interested persons in clearing the Colby Cemetery on Dodge Hill Road. After clearing a large amount of brush we found three gravestones that previously had not been recorded.

We found and are now in the process of planning the restoration of three broken and five uprooted headstones.

Wayne Colby

The Henniker Historical Society

The Henniker Historical Society has experienced a year of growth and change. We passed by-laws, set up committees and accepted many new members.

Several projects have been undertaken, including a grant application from the Institute of Museum Services. We were awarded $6510.00 from that group to hire a conservator to assess the Town's historical collections and to recommend the best way to preserve them. This work will be conducted this June.

We cleared brush around the Town's historical markers and implemented a computer program listing all the headstones in our old cemeteries. If anyone knows of burial sites not recorded, the Society would like to add that information to our records. At present, a computerized list of the societies photographs is being compiled. Both lists are available to the public.

We have received donations of artifacts from Henniker residents as well as from people out of Town. Any donations of Henniker memorabilia would be gratefully accepted.

The Tucker Free Library Trustees have informed us that they will probably need our rooms for library expansion in the near future and we are working with the Selectmen to find a building to house the Society and give the town a more visible museum.

We welcome new members.

Respectfully submitted,
Co-Presidents
Pat Proctor
Jan Seavey

Henniker Community Band

The Henniker Community Band has been enjoying a much needed respite after a successful season of rehearsals and concerts. The more than thirty Band members come from all walks of life. Joining the "seasoned" adults were several high school students who came from Henniker and Hillsborough high schools.

Audience attendance increased for the summer concerts and we were told how much the programs were enjoyed. Our season ended in December with the annual holiday concert, carol sing, and visit from Santa Claus. We are indebted to the Lion's Club and New England College for their joint efforts to sponsor the ever popular event.

Rehearsals for the coming season's concerts will begin the latter part of March, on Monday evenings at 7:30 pm. at the Congregational Church Parish House.

New members are welcome and information is available by calling 428-3429.

As always, the Band joins me in thanking the Lion's Club, New England College, the Congregational Church, and the Town of Henniker for their generosity and support. We look forward to our 1995 concert season which will begin in June.

Musically yours,
Angela Robinson

Athletic Committee

In 1994 the Athletic committee worked diligently on the youth sport programs. The programs continue to grow and the need for volunteers remains high. We hope citizens will step forward and meet the needs to keep the programs running.

Presently we are working with the Town Administrator to gain access to federal land to expand our fields. By the end of 1995 we hope to be preparing plans to add a 90 foot baseball field and two soccer fields.

We have written and accepted guidelines for the Committee. A copy is available for viewing at the Town Hall, or from any committee member.

We are proud to provide youth sports programs to all the children who want to participate. A successful program should not be based on winning or losing, but by providing the opportunity for all children to play.

I would like to take this opportunity to congratulate Sam Glove, Kristi Kushmerek, Whitney Kling and Brooke Costello for their success this past summer on the Kearsarge Mountain Softball League, 12 and under All-Star team, who won the Babe Ruth Softball State and Regional championship and went on to 3rd place in the National Tournament. The league consists of Henniker, Weare and New Boston. This was the first New Hampshire team to play on the Babe Ruth Nationals.

I thank the many volunteers who have and will make youth sports a success for the children of Henniker.

Respectfully submitted,
Mike Costello

Parks Board

The restoration of Azalea Park is nearly complete. The split rail fence and park benches are in place, and the walkway and drainage system are installed.

During 1995 some azaleas, rhododendrons, and other perrenials will be planted through the bark mulch along the walkway.

The grant received from the Cogswell Benevolent Trust has been consumed by the restoration project and future maintenance of the park will rely on local trust funds as well as taxes.

George Sweatt has maintained the grounds around the Town Hall as well as Community Park, Woodman Park. Thank you George for the great work.

The life of the park trees will be maintained again in 1995 by the spreading of fertilizer.

Thanks to Pat Luoma, Irene Snair, Walter Heath, and Ron Caldwell for another fine year.

Respectfully submitted,
Bill Belanger

Human Service Director

This year there has been quite a bit of discussion regarding Welfare Reform, and because of that, I would like to provide you an overview of the assistance provided by the Town.

Town assistance is a **TEMPORARY** means for a person(s) to receive assistance toward rent, utility costs, food and in some certain cases medical prescription costs.

Applicants must first file an application in which they are required to define their present financial status, type of assistance requested and need for town assistance. In all cases applicants are made aware of the fact that they will need to repay any assistance provided when their financial situation changes or they may work if off on the Town's workfare program.

Some of the many organizations we work with to provide assistance are Social Security, AFDC (Aid for Dependent Children), WIC, Food Stamps, Kings Pantry, NH Job Training Council, The CAP program and Habitat for Humanity. In the upcoming years we would also like to be more involved in such organizations as the NH Innerface HIV Taskforce and other AIDS Foundation, Rape and Domestic Violence Centers as well as the NH Red Cross to provide information on CPR and home first aid.

Not only does the Human Service Program provide general assistance, we along with several residents formed Henniker Annual "Spirit of the Holidays" program. This program is a centralized place where Henniker residents and businesses can donate gifts, monies, etc. knowing it is being utilized by helping other Henniker residents. This year we helped 28 children (14 families) have a memorable christmas.

I would like to take this opportunity to thank everyone involved for the many generous contributions and volunteer supports. Your contribution s made the Christmas holiday a memorable event.

In order to help all residents obtain a better idea of the General Assistance program I hope to establish a program called Awareness Week through which the various organizations I utilize will speak about the services they provide. The goal is to make all residents aware of the resources available to help those in need and in general. If you have ideas that you would like for me to consider, do not hesitate to call me at the Selectmen's Office.

Respectfully submitted,
Suzanne C. Anderson
Director of Human Services

Community Action Program
Belknap-Merrimack Counties, Inc.

Over the past sixteen years, the Kearsarge Valley Community Action Program has been the focal point of social service delivery in this area, providing help when needed to the income eligible and elderly, as well as to the community at large.

Community Action Program Belknap-Merrimack Counties, Inc. generates funds through the mobilization of available federal, state and local monies. Support for the local Area Center is derived from a combination of federal appropriations and local tax dollars. This combination allows the Kearsarge Valley Community Action Program to provide a variety of services to the residents of your community, from the development of programs which meet local needs, to outreach, referral and direct assistance.

The staff of the Kearsarge Valley Area Center wish to thank the Town of Henniker for it's support in the past. With your continued interest, we will be able to continue to provide needed services to the members of your community.

Barbara Chellis, Area Director
Kearsarge Valley Area Center

SERVICES PROVIDED TO THE TOWN OF HENNIKER IN 1994

COMMODITY SUPPLEMENTAL FOOD PROGRAM is a nutrition program that offers participants free nutritious foods to supplement their daily diet. The program serves children under six years of age, women during pregnancy and up to 12 months after the birth of their baby and low income elderly. Food is distributed form our Concord warehouse. Value $22.35 per unit. *(An individual may not be enrolled in both the WIC Program and CSFP but a family may have members on both programs.)

TOTAL FOR TOWN $10,728.00

CONGREGATE MEALS--All senior citizens are welcome to our congregate meal sites for nutritious hot meals, social/recreational activities and special events. Value $5.51 per meal.

TOTAL FOR TOWN $66.12

EMERGENCY FOOD PANTRIES provide up to three meals of food for people facing temporary food crisis. Value $3.00 per meal.

TOTAL FOR TOWN $300.00

FUEL ASSISTANCE is available to income eligible households to help with energy costs during the prime heating season. Priority is given to the elderly and disabled. The average benefit for the 93-94 program was $504.71.

TOTAL FOR TOWN $15,141.21

MEALS-ON-WHEELS provides the delivery of nutritionally balanced hot meals to homebound elderly or adult residents five days per week. Value $5.76 per meal.

TOTAL FOR TOWN $19,474.56

TOWN WARRANT 1995

TOWN OF HENNIKER

STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Henniker in the County of Merrimack in said State qualified to vote in Town Affairs:

You are hereby notified to meet at Cogswell Memorial School Auditorium in Henniker on **Tuesday** the **Fourteenth (14)** of **March**, next, at **ten (10:00)** of the clock in the morning to act upon the following:

1. To choose all necessary Town Officers for the Ensuing Year.

To vote on the following:

2. Are you in favor of amending the Henniker Zoning Ordinance to make changes and additions to Article XXV, Section 2508.1, which currently reads: "No septic tank or leach field may be constructed or enlarged closer than 125 feet to any wetland," by deleting said section and replacing it with the following: Section 2508.1, All septic systems shall be constructed to meet New Hampshire Department of Environmental Services (NHDES) design criteria for sub-surface disposal systems? **Submitted by Petition. The Planning Board recommends this article.**

3. Are you in favor of adopting an ordinance that restricts the purpose, definitions and site requirements of Sexually Oriented Businesses for the protection of children, protection of property values, crime control, public health and prevention of urban blight? The new article will be added to the Henniker Zoning Ordinance, Article XXVII. **The Planning Board proposed and recommends this article.**

4. Are you in favor of amending Article VIII, Section 803, Commercial Uses in CH-Heavy Commercial, to restrict Sexually Oriented Business in the CH-Heavy Commercial district, by Special Exception only? **The Planning Board proposed and recommends this article.**

5. Are you in favor of amending Article II, Section 210.29, Kennel, by deleting the present definition and replacing it with the following: "Kennel is any structure or land designated or arranged for the care of 5 or more adult dogs."? **The Planning Board proposes these changes and recommends this article.**

6. Are you in favor of amending Article VIII, Section 803, Commercial Uses in CH-Heavy Commercial, to allow a kennel by Special Exception? **The Planning Board proposes these changes and recommends this article.**

7. Shall we adopt the provisions of RSA 72:1-c which authorizes the town not to assess, levy and collect a resident tax?

8. Are you in favor of combining the office of Town Clerk and the office of Tax Collector into one office thereby creating a new office of Town Clerk-Tax Collector to be held by one individual, and to elect said individual to a three (3) year term beginning at next year's regular town meeting? **Submitted by Petition.**

9. To adapt the provisions of RSA 37, Town or District Mangers, and to represent that position as a separate item in the Town Warrant henceforth. **Submitted by Petition.**

THE POLLS WILL BE OPEN FROM 10:00 AM TO 8:00 PM FOR VOTING

You are hereby notified to meet at the Cogswell Memorial School Auditorium in said Henniker on **Wednesday** the **Fifteenth (15)** day of **March**, at **seven (7:00)** of the clock in the evening to act upon the following:

10. To see if the Town will vote to raise and appropriate the sum of $700,000 to undertake final closure of the landfill, to include the purchase of Tax Lot 592-B, and to authorize the issuance of not more than $700,000 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to accept any federal, state or private funds available for said purpose? **(2/3 ballot vote required) Recommended by the Selectmen.**

11. To see if the Town will vote to raise and appropriate the sum of $210,000 to construct a septage receiving facility on the grounds of the Wastewater Treatment Plant, and to authorize the issuance of not more than $210,000 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, furthermore, to accept any federal, state or private funds available for said purpose? **(2/3 ballot vote required) Recommended by the Sewer Commissioners.**

12. To hear and act upon the reports of the Town Officers, Library Trustees, Trustees of Trust Funds and other Committees.

13. To see what sum of money the Town will raise and appropriate for General Government purposes, Debt Service and Insurance.

14. To see if the Town will vote to raise and appropriate the sum of one hundred five thousand dollars ($105,000) for a complete revaluation. Recommended by the Selectmen.

15. To see what sum of money the Town will vote to raise and appropriate for Public Safety purposes.

16. To see if the Town will vote to raise and appropriate the sum of nineteen thousand four hundred fifty dollars ($19,450) for the purchase of a new police cruiser. **Recommended by the Selectmen.** Recommended by the Selectmen.

17. To see if the Town will vote to raise and appropriate the sum of twenty-five thousand dollars ($25,000) for paving of the fire/rescue building parking and driveways. Recommended by the Selectmen.

18. To see if the Town will transfer title (deed) of the Old Fire Station, located on Western Avenue, to the Henniker School District.

19. To see it the Town will vote to discontinue and abandon as a public way, School Street, so called, from its point on the south side of Western Avenue running southerly to its terminus. And further, to authorize the Selectmen to convey any interest of the Town of Henniker to the roadbed of said School Street to the Henniker School District upon such terms and condition as the Selectmen determine, or take any other action in relation thereto. **Submitted by the Henniker School District.**

20. To see what action the Town will recommend in relation to the Grange Hall? **Advisory vote requested by the Trustees of the Trust Funds.**

21. Shall the Town ratify the organizational structure of the Henniker Rescue Squad wherein the Chief and Assistant Chief are elected directly by the rescue squad membership with the Selectmen ratifying said vote by appointment of the Chief and Assistant Chief to one (1) year terms of office, further, that the rescue squad members are elected by the membership at large.

22. To see what sum of money the Town will vote to raise and appropriate for Highways, Street Lights, Solid Waste Disposal purposes and Road Improvements.

23. To see what sum of money the Town will vote to raise and appropriate for Health and Welfare.

24. To see what sum of money the Town will vote to raise and appropriate for Culture and Recreation and Parks care.

25. To see what sum of money the Town will vote to raise and appropriate for the Tucker Free Library.

26. To see if the Town will vote to establish an Expendable Maintenance Trust under the provisions of RSA 31:19-a for the purpose of construction of a handicap accessible bathroom and space renovation at the Tucker Free Library and to raise and appropriate the sum of five thousand dollars ($15,000) to be placed in this fund and make the Library

Trustees the agents to expend. **The Selectmen do not recommend this article.**

27. To see what sum of money the Town will vote to raise and appropriate for the operating expenses of the Wastewater Treatment Plant. **This sum is to be funded by Sewer Assessments.**

28. To see if the Town will vote to establish a separate Board of Sewer Commissioners to be composed of 3 members elected for a three (3) year term at the next annual Town Meeting, provided that one member shall be elected for one (1) year, one for two (2) years and one for three (3) years. **Submitted by Petition, carried over from 1994 Special Town Meeting.**

29. To see what sum of money the Town will vote to raise and appropriate for the operating expenses of the Cogswell Spring Water Works. **This sum to be funded by water assessments.**

30. To see if the Town will vote to establish a town forest as authorized by RSA 31:110, Lot #735, Tax Map 1, a 5.5 acre lot at the south end of Craney Pond, and to authorize the Conservation Commission to manage the town forest under the provisions of RSA 31:112,II and to authorize the placement of any proceeds which may accrue from said forest management in the Conservation Fund as authorized by RSA 36-A:5. **Submitted by Petition.**

31. To see if the Town will vote to authorize the Board of Selectmen to accept, on behalf of the town, gifts, legacies, and devises made to the town in trust for any public purpose, as permitted by RSA 31:19.

32. To transact any other business that may properly come before this meeting.

Given under our hands and seal this 24th day of February in the year of our Lord, Nineteen Hundred and Ninety-Five.

WEATHERIZATION improves the energy efficiency of income eligible households. Supplemental program also includes furnace replacement, water heater replacement and roof repair. Value includes direct material and labor costs of $2449.89.

TOTAL FOR TOWN $4,499.78

INFORMATION AND REFERRAL--CAP provides utility, landlord/tenant, legal and health counseling as well as referrals for housing, transportation and other life concerns. These support/advocacy services are not tracked.

Concord Regional Visiting Nurse Association

The Concord Regional Visiting Nurse Association continues to offer three major health services to the residents of Henniker: Home Care, Hospice and Primary Care.

Home Care services respond to the health care needs of those patients with acute or chronic illnesses that require skilled professional and para-professional care so they may return to or remain in their homes. Emphasis is on promoting independence and maximum functioning of the patient within the least restrictive setting.

Hospice services provided professional and para-professional services to the terminally ill patient with a limited life expectancy. The goal is to enhance the quality of the patient's remaining life by helping he/she remain at home in comfort and dignity. Emphasis is on pain and system management and skilled intervention to meet the patient's special physical, emotional and spiritual needs.

In April of 1994 Hospice extended its services to provide residential care with the opening of New Hampshire's first Hospice House. To date, this house has provided a home to approximately 30 terminally ill residents.

Primary Care and Preventive Services will expand throughout FY 95 from a health promotion and prevention focus to a more comprehensive 24 hours/day, 7 days/week service including physician care, hospital admitting privileges, and other care generally offered through a medical office setting. This expansion requires the consolidation of many of the agency programs into a family health center, eliminating the current categorical service delivery. In August of 1994, Primary Care physicians (from Concord's Hospital new Family Practice Residency Program) joined CRVNA team. The addition of the physicians has expanded prenatal care to the full term of pregnancy including delivery, as well as, primary care to adults. Primary care and preventive services include but are not limited to Child Health, Family Planning and Women's Health, Prenatal services and Health Promotion.

Health Promotion services focus on the low and marginal income families and individuals to prevent illness by professional assessment and screening for health risks and needs, by early intervention to prevent, eliminate, or minimize the impact of illness and/or disability, and by anticipatory guidance and health teaching. Emphasis is on promoting healthy children, families and individuals through early intervention and health teaching. Services rendered in the clinic setting are: child health, prenatal, family planning, sexually transmitted disease, adult screening, immunizations, and HIV (AIDS) testing and counseling. Home visits are made in crisis situations or when needed health care cannot be given in the clinic. Senior health services are provided at congregate housing sites. Professional and para-professional hourly home services are provided on a private fee-for-service basis. Health education and instruction are part of each home visit or clinic visit.

Anyone in Henniker may request service, patient, doctor, health facility, pastor, friend or neighbor. All requests are answered, but continuing home care will only be provided with a physician's order.

A call to Concord Regional Visiting Nurse Association (224-4093) is all that is necessary to start services or make inquiries. The CRVNA office is open Monday through Friday from 7:30am to 5:00pm. A nurse is on call from hospice and home care patients, (224-4093) 4:30pm-7:30 am daily.

Federal regulations specify a charge is applicable to all visits. Fees are scaled for the individual without health insurance and/or who is unable to pay the full charge. However, federal regulations require a financial statement be completed by the patient or responsible person using the fee scale. Town monies subsidize those visits that are scaled or that no fee is collectible.

This agency is certified as a Medicare/Medicaid Provider, licensed by the State of New Hampshire, accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO) and is a member agency of the United Way of Merrimack County.

Total visits made to Henniker during October 1, 1993 through September 30, 1994:

	No of Clients	Visits
Home Care/Hospice	57	1,877
Health Promotion	112	151
Total	169	2,028

12 Senior Health Clinics
2 Flu Clinics
3 Health Education Sessions
4 Adult Bereavement Support Groups
2 Children Bereavement Support Groups
6 Hospice Volunteer Training Groups
2 Bereavement Volunteer Training Groups

White Birch Community Center

White Birch Community Center (WBCC) is a private, non-profit organization which focuses on the educational, social and recreational needs of the community so as to enable people to create a balance of work and leisure. As well as offering youth programs and senior citizen programs, the Center also provides licensed child care and pre-school programs for children aged 18 months to 12 years.

YOUTH PROGRAM SUMMARY

The goal of our youth programs is to serve the children of Henniker. The Center's Long Range Plan for 1995-1999 focuses on developing new quality programming for teens and adolescents.

In July and August, WBCC holds a Summer Camp for children in kindergarten through 4th grade. Camp offered 7 weeks of fun this past year for 140 children. During "Lights, Camera, Action!" week, the children acted in their own movie, and during "Animalia from Australia" they visited the York's Wild Animal Kingdom.

For youth in grades 5 to 8, Outdoor Adventure Days offered exciting trips this summer. The eight trips accommodated 199 children, an increase of 18% over last year. There were trips to the Boston Museum of Science, Surf Coaster, the Boston Red Sox, Canobie Lake Park, Loon Mountain Park, Fun Spot, and Water Country. A bike clinic included a biking trip and a picnic at Tall Pines Cottages on Keyser Pond. In addition to the summertime activities, WBCC also offered a "Haunted Hayride" and a wintertime snowtubing excursion.

White Birch also sponsors various community-wide children's events, such as our "Children's Fair" and "Breakfast with Santa". The Center wishes to acknowledge the Fraternity and Sorority organizations of New England College which offer valuable assistance in these events.

SWIM PROGRAM

The 1994 Swim program served 121 children from ages 6-12, an increase of 17% over last year. We offer the program, at no cost to Henniker children. Lessons are taught by a Red Cross-certified instructor and are available in levels ranging from Pre-swim to Advanced Skill. We hope to continue this important program.

SENIOR CITIZEN PROGRAM

WBCC has 368 Senior Citizens on our mailing list. Our goal is to sponsor day trips, special events, and monthly luncheons, while providing a consistent series of craft projects, seminars, Bingo and Holiday activities. Carol Gaidos, our Volunteer Senior Citizen Coordinator, has been the most important factor in our ability to provide these services to local citizens.

Jackie Cowell
Executive Director

Tucker Free Library

The past year at the Tucker Free Library was spent striving to maintain the Library's primary mission to provide reading materials and answer the informational needs of the community. At the same time, there always remains to be addressed, the maintenance requirements of the ninety year old building. Our major concern is how to best accomplish these demands whilst simultaneously endeavoring to keep the budget at a minimum to the taxpayer.

With monies allocated at last year's Town Meeting, the Library was able to revamp the heating system, including replacing two furnaces, and also to upgrade part of the building's electrical wiring.

The Library's next priority will be to assess space utilization within the building itself with the aim of eventually combining the childrens' collections downstairs thus allowing expansion of the adult collection on the main floor. Also to be addressed is the need to install a public handicapped accessible restroom. At the same time, the Library will be planning and budgeting for future automation of the public catalog and the circulation system.

Throughout last year programs ranging from origami to storytelling were presented for patrons of all ages. The greatest participation was in the childrens summer story time and reading programs which had a total enrollment of 297 youngsters. Since September, the Library has been hosting a pre-school story time on Wednesday mornings. It is being presented with the cooperation of a group of volunteers and is proving to be very popular.

The Friends of the Library continue to be a source of strong support. Their annual book, bake and plant sale was very successful in raising money; some of which will be used to buy children's books and videos and to help fund the summer programs.

The Library continues to benefit from the proceeds of the Town trust funds. Other funds, including Sanborn Connor Brown, Scott J. Berry, Marjorie B. Bennett, James W. Doon, Francis O. Holmes and Mary F. Kjellman, allow the purchase of books in specific categories. Last year, the Library also received donations, in memory of Mary H. Small, with which to buy large print and childrens books. The Library is honored to be the recipient of these memorials.

As in prior years, the Library was fortunate to receive gifts of various kinds, including money, books and magazines. The Tucker Free Library gratefully acknowledges the strong support which the citizens of Henniker provide to this institution. The Library will continue to endeavor to fully serve the needs of the community.

Respectfully submitted,

Peggy Ward
Library Director

Board of Sewer Commissioners

Without a doubt 1994 proved to be a very progressive year as it related to improvements made at the Wastewater Treatment Plant. Ken Levesque's comments provide an excellent overview of the many accomplishments.

Certainly the most contentious and time consuming issue this past year was the sludge/septage proposal by HC Gobin, Inc. A protracted two year debate ended with the Board of Sewer Commissioners meeting Gobin's proposal. However, the issue remains. The Sewer Commissioners have instructed staff to look at various ways for this community to handle septage and the disposal of our sludge. Our decision was difficult and not the best option in our opinion, but this community faces other important issues, we felt that the time had come to end divisions and look to future needs.

We also wish to thank the members of the Biosolid Committee who worked with us in reviewing the HC Gobin proposal. The members were Bill Hall, Bill Bates, Richard Chapin, Paul Heirtzler, Steve Connor, Scott Osgood, Norman Frink, Lowell Rheinheimer, Ken Levesque and Mary Dowse.

Wastewater Treatment Plant

1994 proved to be a challenging year at the wastewater treatment plant. In September of 1994 we started working under our new NPDES permit issued by the EPA. This new permit has increased our laboratory testing requirements for Biochemical Oxygen Demand (BOD, strength of wastewater) and Total Suspended Solids (TSS) from once to twice weekly and changed our effluent bacteria testing from Total Coliform to E-Coli. These changes to our permit are the industry standard and not required of Henniker alone.

We purchased and installed several new pieces of equipment at the Plant. These items will give us better control over the operation and allow for less maintenance and repairs. Among the items are two dual speed surface aerators, a second RAS (return activated sludge) pump and controller and an RAS flow meter.

The wet well at the Ramsdell Road pump station received some much needed attention as moisture in that area had corroded the metal stairs and handrails. To remove the moisture we installed an air-make up system, then replaced the metal fixtures with fiberglass. A muffin monster replaced a worn out comminutor (debris grinder) and a one foot thick layer of grease buildup was removed in the future a grease destroying bacteria will be added to the sumps. New paint and light fixtures will complete the project.

Cleaning and televising of the collection system was completed in 1994. Despite minor repairs and annual cleaning of some areas the system is in good condition. Several manhole covers were raised to grade and we will continue to raise a few each year.

Underground fuel oil storage tanks were removed from the West Henniker pump station and the Treatment Plant. New above ground tanks were installed. We would like to take this opportunity to thank the Highway Department for their help with this project.

And last but not least, a few words on sludge and septage. In the past approximately one half of the septage taken at the plant was put into the drying beds to avoid a shock load to the process. After drying for two to three months we scraped the dried septage off and took it to the landfill. We can no longer utilize the landfill for this so an alternative to taking septage into the drying beds is necessary. We have hired an engineering firm to evaluate alternatives. We anticipate a warrant article at the March 1995 town meeting to solve this problem.

Because of the landfill closure we are negotiating a contract to dispose of our sludge (biosolids) at the IPS Composting Facility in Rochester, NH. Some renovations will be needed to our belt press building to accommodate a container large enough to keep transportation costs down. This is a new and unavoidable expense and will result in higher sewer fees.

Cogswell Spring Water Works

The first phase of our wellhead protection program is complete. This consists of identifying any potential contaminants within the 4000 foot radius of our wells, a standard set by the E.P.A. The next step is to visit each site, visually confirm whether the potential contaminant exists and try to work with the land owner to insure that the wellhead and groundwater are protected.

Please note Chief Russell's comments on visible house numbers. They improve response to your residence to emergencies and our service response when needed.

The Water department responded to 10 frozen service lines, to customer homes and 7 water main breaks, changed 2 fire hydrants, replaced 8 service connections, repaired a float control system damaged by lightening and repaired 2 others and, painted 10 fire hydrants.

The lead and copper program is well under way. The samples and water tests show that the corrosion control additives are doing their job. The copper and lead levels are now below the acceptable levels set by the E.P.A.

This year I will be continuing our water main flushing program and replacing the water mains on Emerson Way, Newton Road and Hope Road. I also will be replacing 8 failed gate valves on Western Ave.

INDEPENDENT AUDITOR'S REPORT

To the Board of Selectmen
Town of Henniker, New Hampshire

We have audited the accompanying general-purpose financial statements of the Town of Henniker as of and for the year ended December 31, 1993, as listed in the table of contents. These general-purpose financial statements are the responsibility of the Town of Henniker's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general-purpose financial statements referred to above do not include the General Fixed Assets Account Group, which should be included to conform with generally accepted accounting principles. The amounts that should be recorded in the General Fixed Assets Account Group are not known.

In our opinion, except for the effect on the general-purpose financial statements of the omission described in the preceding paragraph, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Henniker as of December 31, 1993, and the results of its operations and cash flows of its nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The individual and combining fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general-purpose financial statements of the Town of Henniker. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general-purpose financial statements taken as a whole.
